

Further to the governments recent update (16th March), I would like to let all our loyal guests know that The Villa Express remains open for business, and I thank you for continuing to support our team by and staying with us.

As valued customers of The Villa Express we would like you to be aware of the increased precautions that we are taking to ensure the safety of all our guests at the hotel.

Business As Usual

We have so far had no suspected cases of Corona Virus in the business
We have sent out emails to all of our staff with updates from Public Health England on self-isolating and when and how this would be needed and are updating them regularly.

Additional Cleanliness

Hourly, thorough hand washing routines with all staff in all departments.
Increased cleaning of high traffic public areas and payment machines.
Encouraging guests to pay by contactless means.

We would like to take this opportunity to thank you for your continued support and loyalty to The Villa Express and assure you of our best attention at all times. A warm welcome awaits you and we look forward to seeing you soon.

Jayne Taylor
Operations Director
